SAN JOSE STATE COLLEGE

VOL. 45

SAN JOSE, CALIFORNIA, THURSDAY, NOVEMBER 14, 1957

NO. 25

Showers and Breezes
Intermittent showers is the weatherman's prediction for Santa Clara Valley residents today. The forecaster anticipates little change in temperature, with the high ranging between 58 and 64 degrees, and southerly winds of 10 to 20 miles an hour.

Engineering Talks Begin Today, 10 a.m.

The engineering accreditation "matter" will be knocked about today and tomorrow, as the State Assembly interim sub-committee holds hearings at 10 a.m. in Lecture Hall.

Composed of Assemblymen, the interim committee was called to investigate the "matter" at the request of Assemblyman Bruce Allen (R.-Los Gatos).

IWH, 184 Club Take Parade Sweepstakes

Independent Women's Housing and 184 Club took sweepstakes for the entire parade and first place in the Independent Division of Saturday's Homecoming Parade, it was announced during half-time of the SJS-COP game.

The prize-winning float consisted of a huge multi-colored train with a tiger, representing COP, in one car, and a Spartan as engineer. Smoke poured from the train's smokestack.

Other winners in the Independent Division were Newman Club, second, and Spanish Club, third.

Alpha Tau Omega and Alpha Omicron Pi took first place in the Greek Division. Second place winners were Alpha Chi Omega and Delta Upsilon, and in third place were Chi Omega and Lambda Chi Alpha.

Chairmen of the winning floats are requested to turn in trophies to Karen Brooks at the Gamma Phi Beta house, 189 S. 11th St. immediately for final engraving. First place winners are reminded to turn in both perpetual and permanent trophies. The trophies will be returned, Miss Brooks added.

Religion Week Opens Sunday With Banquet

"My Faith and My World" will be the theme of Religion-In-Life Week to be held this year Nov. 17-22, according to the Rev. James Martin, religious council adviser.

The week will feature an intensive program of study and discussion on the various religions of the world and how they affect the student and his world.

During the week religious speakers will be available to speak to classes and there will be panel discussions and denominational services held each day.

Religion-In-Life Week opens on Sunday with a turkey banquet at the First Christian Church, 80 S. 5th St., at 6 p.m., the Rev. Martin said.

Tickets for the banquet are now on sale at a booth in front of the Library. Cost is \$1 and tickets must be purchased by noon today.

DRILL SKILL HONORED

Lt. Col. Emery A. Cook (left), professor of air science, congratulates cadet drillmaster David W. Parker for leading the Air Force ROTC drill team to a first place victory in the recent Willow Glen Fun Frolic parade. The large victory trophy (center) was awarded to the team for capturing first place.—photo by Mary Goetz.

Student 'Y' Plans Move On Housing

By PATTI KELLY

A plan of action to secure open housing for all SJS students was discussed at last night's meeting of the Student "Y."

The meeting was sponsored by the Social Action Committee of the "Y" which presented the results of last semester's housing survey and student pledge-petition last week.

The survey, conducted among 132 householders renting to students, showed that only 30 (23 per cent) were willing to rent to any SJS student of good character regardless of racial, religious or national background and to have their names placed on a list of non-discriminatory houses.

Many said they would be willing to rent to any student but refused to sign a statement to this effect. Only 15 per cent of the householders renting to men and 32 per cent of those renting to women would sign this statement.

The committee also presented a letter which was sent to the college administration as a result of the student pledge-petition. This letter requested that the administration adopt a policy regarding open housing for all students.

One copy of the letter was sent to the administration last June and another letter was sent in October of this year. At present the administration has not taken any action on this petition which contained signatures of more than 2900 SJS students.

Missile Successful

CAPE CANAVERAL, Fla. (UP)—The Air Force fired its cancelled Navaho intercontinental missile out over the Atlantic yesterday. It apparently was a successful "swan song" flight. Further development of the 1900 mile per hour, low altitude missile was cancelled last July in favor of rocket missiles.

Soph Privilege Cards To Sell for Two Weeks

Sophomores, hoping to establish a tradition at SJS, yesterday began an intensified sales period for class privilege cards. Sales will be held in the Outer Quad daily during a two week period which ends Nov. 22. Cost is \$3.50. Kicking off the campaign yesterday was a car parade around the campus.

The idea for the privilege cards was born last April, when the class passed a resolution creating a Privilege Card Commission, whose job was to draft a plan for the

sale and administration of the cards. Members of the commission include Paul Johnson, business manager; Sandy Creech, treasurer; Nancy Hanselman, secretary; and Liz Epps, vice-chairman.

The cards entitle the bearers to admission to all class functions free or at a discount rate. Card will be valid until July 1, 1960.

Card salesmen will visit the various living groups today and tomorrow, and another car parade will be held Friday. Saturday night a class dance is tentatively planned, to which holders of privilege cards will be admitted free, while cardless classmates must pay 50 cents.

Jerry Snyder, class president, said that officers of the Freshman Class have contacted him regarding the cards, and plan to inaugurate a similar program within their class.

Flute Recital To Be Given Here Tonight

Mary Haakenson, flutist, will give her graduate recital tonight at 8:15 in Concert Hall.

Miss Haakenson will perform five works: "Sonata No. IV in C Major," by Bach; "Syrinx," by Debussy; "Piece," by Ibert; "Scotch Pastoral," by Scott and "Four Figures in Time," by Phillips.

Mrs. Helga Hinman, staff accompanist for the Music Department, will provide piano accompaniment.

Miss Haakenson, a graduate of Drake University, entered San Jose State in the fall of '56 as a graduate student.

Council Names 'Fact' Body To Air Prexy-ASB Fray

MRS. IKE MAKES A WISH

Celebrating her 61st birthday, Mrs. Mamie Eisenhower blows out the candles on her cake during a party, where she was guest of Washington newsmen several days before the event.—photo by International.

TV Dept. Stages Plays Today at 4 p.m.

Two television one-act plays will be given today at 4 p.m. by the Radio and Television section of the Speech and Drama Department and may be viewed in SD 118.

The first, "Brewsie and Willie," a classic play by Gertrude Stein, will be directed by Shirley Bennett. Ed Wooten and Skip Minchin handle the title roles and Paul Thomsen will be featured as a folk singer.

Immediately following, "The Martyr," starring Gene Gould and Wally Landford, will be presented. The program was written and will be directed by Grant Salzman.

Building 'P' Goes; Pictures Continue

Building P is now being torn down.

This fact is known to the many students who have trooped over to Building P to have their La Torre pictures taken, to find that not only the photographer is missing but most of the building is, too.

La Torre is now taking pictures in Room 26 of the Main Building, according to Jerry Humpal and Ed Regalado, business managers for La Torre.

Colonna Studios, Inc., of New York City are still the photographers for La Torre. Appointments for pictures are being taken in Room 26, the business managers said.

Application for Student Body Posts Ends Today

Today is the deadline for filing applications for Student Council, Student Court and class posts, to be filled in the Dec. 12-13 student body elections. Applications may be obtained in the Student Union.

Posts on the ballot are:
—female representative at large (half year term).
—senior male justice (one year).
—sophomore male and female justices (one year).
—senior council representative (half year).

—junior representative (one year).
—sophomore representative (one year).
—freshman representatives (half-year and full year).

—president, vice president, secretary and treasurer for freshman, sophomore and junior classes.

Eligible applicants will be announced Nov. 20, following clearance by the Registrar's Office.

Student Court Chief Justice Curtis Luft said eligible candidates must file petitions by Nov. 25. Candidates for posts elected by the full student body must obtain 100 signatures; candidates for class of-

fices, 50 signatures.

Announcement of candidates whose petitions have been approved will be made Dec. 2, Luft said. Campaign advertising may be posted Dec. 9.

Elected students will take office in January.

Luft also announced that a petition to get a split rooting section at Spartan football games on the ballot will be circulated by the court and Rally Committee.

Some 500 signatures (five per cent of SJS enrollment, as required by the ASB constitution) are needed to place the issue on the ballot.

Bells Ring Again

The bells are ringing at San Jose State once more.

Last week, for the first time this semester, the tower bells tolled the hour. The time was 4 p.m. Sounding of the hour marked the end of silence from the tower.

Electrical difficulties had silenced the bells.

Group Offers Petition; Seeks 'Trust' Election

By RAY BARCH

A 10-man fact-finding committee was set up by the Student Council yesterday to clarify the dispute between President John T. Wahlquist and several on- and off-campus groups.

The action came after the council received a petition, signed by more than 650 students, from Spartans United, campus group, calling for "a general election to determine student sentiment concerning the competence of the administration in regard to development of San Jose State College."

AF General Sets Record In Jet Flight

WASHINGTON (UP)—Gen. Curtis E. Lemay landed his four-jet tanker plane at 3:35 p.m. EST at National Airport yesterday after a record-setting non-stop flight from Buenos Aires.

The mammoth craft, built to refuel U.S. H-bombers, completed the trip of about 5,000 miles in 11 hours and 8 minutes. He and his crew of 18 had taken off from the Argentine capital at 4:27 a.m.

Less than an hour before the Air Vice Chief of Staff brought the heavy plane down, he had said in a radio interview with reporters at the Pentagon that its performance proved U.S. bombers can be refueled in flight and "go any place you want."

With a piercing whine, never before heard at Washington's commercial field, Lemay dropped the giant KC-135 on to the runway in a perfect landing.

It was the biggest jet plane ever to land at National Airport. In the past, big jets have been required to land at nearby Andrews Air Force Base in Maryland because of their noise.

Lemay was interviewed from the Pentagon over radio telephone. He was 40,000 feet over the Atlantic at the time.

The former head of the Strategic Air Command said there was "no doubt" that U.S. bombers can penetrate Russian defenses and deliver their weapons today.

He undertook the new flight less than 24 hours after hanging up a new world distance record—13 hours 3 1/2 minutes—for non-refueling, non-stop jet flight. That trip was from Westover, Mass. to Buenos Aires.

State College Site Proposed

SACRAMENTO (UP)—An eight-man delegation from San Leandro yesterday proposed the so-called Lake Chabot area north-east of San Leandro as the site for a new state college.

The delegation, headed by Mayor Thomas O. Knick, offered the site to H. C. Vincent Jr., chief of the State Property Acquisition Division.

Vincent told the group he had received 10 suggested locations for a state college in southern Alameda County. He reminded them it was his duty to submit them all to the State Public Works Board, which would decide on the college site.

Frank M. King, manager of the San Leandro Chamber of Commerce, said the Lake Chabot site consisted of 400 acres now owned by Alameda County and the East Bay Municipal Utility District, both of which have agreed to negotiate.

Mayor Knick pointed out to Vincent that the proposed site would not take any property off the tax rolls because it already is non-taxable public land.

A hassle developed when council members objected that the wording of the petition was vague. ASB attorney Bill McLean asserted it couldn't be placed on the ballot unless made more specific.

Bill Noble and Mel Gauntz, spokesmen for Spartans United, refused to elaborate on the organization's grievances, other than athletic, agreed finally to have the fact-finding group limit the opinion poll to the controversial athletic program.

Members of the fact-seeking body are ASB president Don Ryan, vice president Al Walburg, female representative-at-large Terri Galvin, male representative-at-large Bill Sturgeon, and the four class presidents, senior Jerry Siebes, junior Bill Douglas, sophomore Jerry Snyder, freshman Marsh Ward, and Leigh Weimers, editor of The Spartan Daily.

Ryan said Wahlquist agreed to answer questions at a general assembly in Morris Daley Auditorium Friday at 11:30 a.m. Other groups will be heard at later meetings, he said.

Spartans United voiced disappointment at the actions of the Student Council after a meeting last night. Noble noted that the council said that the ASB constitution did not provide for an opinion poll, yet set up an opinion poll of its own.

Herb Effron of the Spartan group said that since the petition is in order an election is mandatory.

Gauntz charged that "this thing is going to be finagled around until even the strongest opinion a student could register at the polls will be one with which our president can agree."

Ryan said the opinion poll will result in a student election. Weimers urged that the election take place before Dec. 3, so Wahlquist can present the feelings of the student body to the State Department of Education on his proposed trip to Sacramento.

Officials Plead For a Dollar

"It is urgent that all seniors who have signed to attend Careers in Engineering Day pay their \$1 fee in Room 16 of the Main Building, immediately," the planning committee announced yesterday. Official deadline for this registration is tomorrow. No students will be allowed to attend the interviews, luncheon or fair unless they have paid this fee, the committee said.

Why insist on a car of tomorrow — yet bundle the body in burlap? The Roos Show Room is bumper to bumper with synchromesh styled car coats at Model T prices. 19.95 to 35.00

SAN JOSE STATE COLLEGE

Editorial

The Two-Headed Coin

Anybody for a paradox?

Ever since the Russians started sending up Sputniks with almost carefree abandon, the science-conscious people of our nation have been screaming.

They have been screaming about the lack of trained scientists and engineers in America, as compared with the Soviet Union.

They have considered offering scholarships to high school and college students who show a proficiency in these fields.

They have considered placing a greater emphasis on science in elementary schools.

They have considered raising the pay scale of engineers and scientists to attract even more people into technology.

In short, they are thrashing.

Their concern, we feel, is well-founded. Russia has taken the lead in missiles and satellites. And nothing President Eisenhower can say to soothe the American scientists' anguish is going to slow down the Reds' program, allowing us to regain the top spot easily.

And yet, while all this is going on, San Jose State is having a difficult time receiving accreditation for its engineering program. The double-talk is flying fast and furious when straight answers and mature thought are needed.

As we said, anybody for a paradox?

MEMO FROM RAY K. FARRIS, C.L.U.

How to plan a post-graduate SECURITY PROGRAM!

Making big plans for the years ahead? Then it's a good idea to remember that basic financial security should be part and parcel of those plans.

There's no better time than right now—while you're still young and can take advantage of lower premium rates—to set up your lifetime security program through life insurance. New York Life's new Whole Life policy gives your present (or future) dependents a minimum of \$10,000 protection. It builds high cash values steadily. It can provide you with a monthly income when you retire. Yet the premiums are in line with modest budgets. Why not get the facts and think it over?

Matter of Opinion

By JIM DRENNAN

San Jose State has pulled a Rip Van Winkle, and a lot of people seem worried about it.

After a long period of suspended animation the student body has finally found something to get excited about: the odor of roasting pigskins.

The Big Issue is here: to win or not to win?

Unfortunately, this won't do for some of our worthy students and faculty. The mere mention of becoming interested in the strictly lowbrow sport of football is wrinkling upturned noses.

"Overemphasis!" "Subsidies!" "Concern with unimportant things!" one hears.

These people have a pretty good case, looking at things from a purely "practical" standpoint. True, buildings and curriculum are more important, on paper, than student interest and, if you'll pardon the expression, school spirit.

But people aren't mere walking equations, and the things that often seem important to them can't be justified by pure logic and reason. Football's relationship to the student body ego is such a case.

There's little cause for worry that this school will over-emphasize football. But there would be cause for worry if we de-

voted all our thought and energy to the "practical" side of life. It would be a pretty dull world, if we did.

KA Takes Over First; Theta Chi Ups NL Lead By Whipping Sigma Chi

By CONRAD MUELLER

Spearheaded by a clicking Toby Walker to Jim Beadnell combination, Kappa Alpha edged Alpha Tau Omega 12-8 to grab a one-half game hold on first place in the Fraternity American League, after Tuesday's play.

Walker's passes to Beadnell covered 62 and 70 yards with Beadnell scoring two of ATO's points after getting trapped in the end zone by Pete Brickner. Keith Antes scored ATO's other points, running seven yards.

In other action, the Delta Sigs gained a forfeit win over Lambda Chi Alpha and the KT-DU game was postponed.

Theta Chi Rolls On

In the National League, Theta Chi continued its reign of terror as it swamped Sigma Chi 33-0, and Theta Xi shutout PiKA 20-0 to move into a second place tie.

Darrell Adams again paced the league leaders as he passed for 26 points, hitting Dick Zimmerman, John Frederick, and Bud Brasher with TD heaves, and Curt Mettler with two extra-point passes and one TD throw. Jerry Humpal rounded out Theta Chi's scoring as he passed to Zimmerman for a tally and Dick Powell for the PAT.

Kemper Leads Theta Xi

Fred Kemper was Theta Xi's show as he: 1. Ran 80 yards for one TD, 2. Passed 22 yards to Bob Brooks for another, and 3. Hit Bob Burnett with another, with Burnett laterally to Brooks for an 80 yard TD play. In addition, Kemper passed to Brooks for the Conversions.

The Phi Sigs, along with Lambda Chi Alpha, have decided to forfeit the rest of their games. Sigma Nu gained the win. This also means that Sigma Nu also gains a win from the first round, as does Sigma Chi.

All-Comers Tomorrow Bond To Pace SJS

With the big meet only one day away, track coach Bud Winter is still finishing up with final touches for tomorrow's All-Comers event on the Spartan Field.

Schools expected to enter teams, in addition to SJS, are Stanford, Cal, UCLA, COP, Fresno State, SF State, SF Olympic Club, and Cal Poly.

Although the seven men for the Spartan team haven't been chosen, it is almost certain that Wes Bond will lead the local thinclads. Bond

has lost but one race this year, and according to Winter, Bond should be in a good position to set a new record tomorrow afternoon. To date, SJS has shut out SF State, tied for second in a four-way meet with Stanford, Cal, and winner UCLA, lost to Stanford in a duel meet and beat Cal last week in a duel affair.

Wrestlers Pop Lid Off Season

Thirty-eight San Jose State wrestlers, including six returning varsity lettermen, greeted Spartan coach Hugh Mumby on the opening day of practice recently.

Mumby reported that anyone still interested in joining the team should contact him in the Men's Gymnasium. First meet on the Spartan schedule is the Pacific Assn. AAU Novice Tournament, which will be held in Spartan Gym Dec. 14.

SPARTAN DAILY-3

Turkey Runners Race Nov. 26

The 14th annual Turkey Trot will be held Tuesday Nov. 26, according to Alpha Phi Omega, service fraternity and sponsors of the race.

The annual event is open to any San Jose State College student. Entry blanks may be obtained at the fraternity house, Student Union, or the Turkey Trot booth in the Outer Quad.

Deadline for entries is Friday, Nov. 22, at 4 p.m. A trophy and live turkey awaits the winner of

the race. Ten-man relay races will be held in the afternoon of the day of the Turkey Trot. Each organization may sponsor only one team.
